Chamber Drive Leaders Cited at Groundbreaking

Groundbreaking for the new \$92,000 Chamber of Commerce office building at Fourth street and Webster avenue started early today and was well underway when interrupted during the lunch hour by the official "first shovel" ceremonies.

Chamber directors, leaders in the organization's membership building fund drive and its building committee were on hand for the program, which followed a box lunch in the temporary Chamber quarters on the building site.

The ceremony was highlighted by presentation of Chamber "Builders Award" trophies to 52 members who led the successful drive to raise over \$51,000 from the membership toward the new building fund.
