

Chronicle/JOHN BUNDA

That's what the people at Visiting Nurses Services Inc. of Muskegon County hope their new dictaphone will turn out to be. A \$2,000 grant from the Women's Division Chamber of Commerce helped pay for the dictaphone and recorder. The nurses say the new purchase will free nurses from clerical work, leaving them free for nursing work. Shown with the new equipment is (from left) Fran Harju, C of C project chairman, Anne Lawie, R.N., of Visiting Nurses, and Gail Funk, publicity chairman of C of C.
